Subject: Appointment letter Early Career Ambassador

Dear Łukasz Kubera,

The Executive Board of ISME would like to thank you for your willingness to accept the position of Early Career Ambassador. As you know, the Ambassador Program is one of the primary mechanisms for serving our members and for ensuring regional activities. The Board and the Director of the Ambassador Program agree that you would be a great asset and we look forward to working with you.

Your appointment will be for a period of four years, effective from 1 April 2023 and can be renewed subject to mutual agreement. If you need more information or if you have questions about your new position, please always feel free to contact the Program Director.

On behalf of the Executive Board of ISME and the International Board, we welcome you on board as our Early Career Ambassador. We hope that, in your role, you will increase activities in your country.

Please pass on our gratitude to your institution for allowing you to serve in this crucial role.

Sincerely yours,

Phil Hugenholtz
ISME: President

Thulani P. Makhalanyane
